

Insurance Auditors Association of New England

Report to the NRIAA Board of Directors

16 May 2011

Membership:

Membership remains similar to past years with 45 members.

Meetings:

We have continued our semi annual meeting format starting at 9 and ending at 1 with 3 presenters. Participation has rebounded from lower numbers under the full day program.

Our October meeting featured Dave Hershey, CPCU, from RIMS to describe RIMS and also to describe large WC programs. Attendance was about 33.

Our May 10, 2011 meeting featured Bob Hunt of Chartis describing how to accurately include uninsured subs; the 50/90 rule. We also had an update from the Ins Fraud Bureau and heard about NCCI inspections from the CT inspector, Rick Ekstrom. There were 41 participants.

To add fun to the meetings we gave out six door prizes, 4 bottles of wine and two cash gifts, valued at about \$100 total. While a six question trivia contest was tempting we went with a straight name in the jar draw.

New Initiatives:

We have established a charitable giving function whereby the Chapter will contribute cash to charitable walks, runs, rides and other efforts in which our members are involved. Dollar value and applications to be determined. Begun in 2009 we are still awaiting our first application.

The chapter looks forward to hosting the Region in 2011. The details are on a separate sheet. Our treasury is fairly flush so we do not anticipate needing a loan from the Region.

Officers: Unchanged from prior report.

Pres: Scott Miller
VP: Margaret Holmes
Secy: Michael Curran
Treas: Sandy Grant
Newsletter: Dan Stolworthy

2011 NRIAA Organizing Committee

Report to the NRIAA Board of Directors

16 May 2011

We are off to an excellent start toward an exceptional seminar in 2011. We have established committees for Location/Facilities, Finance, Fund Raising, Program, Publicity, New Attendees and Speaker Gifts. Fortunately we have 12 members who have volunteered to staff these committees so we have a good balance and plenty of “hands on board”.

Location: We have located the best facilities in the CT midcoast area. The lodging will be at a brand new Hyatt Place, the meetings will be at the US Coast Guard Academy, and the Mohegan Sun will be nearby for entertainment.

Program: The committee has met once by phone but has begun assembling an exceptional program. We have more than enough suggestions including the independent Bureaus, a webcast, debating panel and fun things like drawings and raffles.

One change is that we will be taking advantage of the prestigious USCGA grounds and will be giving the awards at lunch on Thursday. In concert with the USCGA Chorus led by Dr. Robert Newton and catered by the Coast Guard Cuisiniers, we will be recognizing the recipients of our annual awards.

This change gives people the opportunity to enjoy Mohegan Sun’s many entertainment and dining options as they wish or to refresh back at the Hyatt.

Cost: Forever thrifty Yankees we are looking at registration in the \$150 range and we will be staying at the Hyatt Place, Uncasville, CT, at a rate of \$89 plus 12% tax.

Time: As forecast at the prior Board meeting we will be holding the event September 28, 29 and 30, 2011.
